## Additional Resources

International students may also find the following resources and information to be helpful.

### Campus Information

Our Academy runs regular programming in both Victoria and Langley. Main program staff are centrally located in our administrative offices and are readily available by phone or email to provide program support and assistance to students. Additional support is provided by the administrative and instructional staff who work onsite.

#### *Victoria Campus*

Located near the Saanich core, our Victoria campus features a large classroom with break out areas to support student learning. Parking is readily available in the neighbouring streets, and bus stops are located in the surrounding blocks for individuals wishing to use public transport.

There is a restaurant and a gas station located next door to the campus.

#### *Langley campus*

Our Langley campus is conveniently located in central Langley. It features a large classroom with individual break out rooms for student simulations. Parking is available onsite and there are several bus stops in the vicinity for individuals who take public transport.

There are several different cafes and restaurants within walking distance.

### Orientation Program

International students are required to attend a mandatory online orientation session. These will be scheduled one month prior to the start of each term. Sessions will be hosted by one of our lead instructors or management team, and will provide an overview of the program, as well as provide an opportunity for students to ask questions directly. Additional orientations (eg. Campus tour, program requirements, introduction to team members) are incorporated into the program delivery and are part of the formal program delivery for all students.

Prospective students are also encouraged to attend our free online info sessions. These webinars typically last 45 – 60 minutes and include valuable information about the program and application process followed by a Q&A session where you can pose direct questions.

### Program Team

Our programs are supported by the following individuals.

#### *Leadership team*

Nicola Harper, President  
Ryan Curr, Director Learning  
Dugg Steary, Director, Strategic Initiatives  
Emma Keating, Manager, Paramedic Programs

#### *Administrators*

Gina Henney, Paramedic Programs Coordinator  
Mila Saptefrati, Admissions and Records  
Specialist
